CDKC have retained the friendly environment lost by all other clubs whilst keeping up with the rise in professionalism in karting. They still want me, themselves and newcomers to Go Karting!

Operate race meetings in a time effective manner. There are too many argfuements among officials during a race meeting that could be resolved in the official de-brief at the end of the day.

5/6/2013 12:49 PM [View respondent's answers](#)

Its the track that gets people to race their ,the track needs to be good so that people will race and practice their ,karters practicing and racing their is what generates income .

Concrete track for the top gate to the pits

5/3/2013 9:24 PM [View respondent's answers](#)

The club must improve the track and its layout if it wants to survive. People will make the trip to lithgow to race if the track is challenging, surface good and facilities good. Currently the facilities are about all we have right.

Track surface needs to be looked at sooner than later. Additional toilet & showers, have coped hiring toilets. For State Titles maybe hire a shower/toilet block which could be pumped out. Pull down blinds around the verandah area especially around BBQ end. Club house roof- replace, was brought up 2 years ago as to be done & inside the club house all matching walls eg. timber look. Extend the glass cabinet into corner so all memorabilia can be displayed.

"Build it and they will come" We need an international spec track that can still be a short track for club days. There is no one thing apart from the track that will attract more karters.
